

Life Care Planning

How Will a Life Care Plan Benefit You?

A Life Care Plan can:

- Preserve your assets to the greatest extent possible.
- Protect your rights in the long-term care system.
- Help you find and coordinate the care you need to meet your long-term care needs.

Why Work with Everbright Legacy Law?

- We are a well-established, premier Elder Law and Estate Planning law firm.
- We have over 30 years of experience serving Minnesota seniors and their families.
- We are the first Minnesota member of the Life Care Planning Law Firms Association.
- We have a Life Care Coordinator on staff to assist you.

What is a Life Care Coordinator?

- A licensed Social Worker in the State of Minnesota.
- An expert in the healthcare system and discharge planning.
- Has access to an extensive network of community resources.

What Will My Life Care Coordinator Do?

- Act as your main point of contact.
- Help identify care problems and assist in resolving them.
- Aid in identifying and arranging the necessary services.
- Coordinate with medical, health, and community providers.
- Provide support, guidance, and advocacy during a crisis.
- Offer education regarding the process.

As you begin your journey through the long-term care system, we are here to support you as knowledgeable advocates, guiding you along the way.

*The Life Care Planning Law Firms Association is a national network of holistic law practices that provide legal services, care coordination, and advocacy to help elderly clients and their families navigate the complexities of long-term care.
